## Praise and Prayer Requests

Pray for:

Cris Snyder is at home dealing with her broken shoulder. She has had some improvement but is unable to start any type of physical therapy.

Steve Wisniewski

Giving thanks to God, Steve has been improving. He has been more awake and able to feed himself most of the time. He still has a long road ahead of him, we pray for him to regain strength. We are also praying for the doctors as they oversee the progress and assess Steve's needs. The doctors, Steve, and his family are still working in finding the best location for Steve to start his rehabilitation. Please continue to pray for Sue and Steve as this recovery journey continues.

Jan Bieri: Jan has been having some medical issues. Jan has been experiencing some tingling in her left arm over the last couple of weeks. She is in the process of having tests done. The cause of the tingling has not been determined as of yet.

Trenna VanderWoude: has been diagnosed with Parkinson's Disease. Please pray for Trenna and her doctors as they deal with this disease.
